My interest is in modern, sustainable design for residential & public buildings.

Employment / Work Experience

Kennedy Crawford Design, North Vancouver since Aug 2014. Projects:

Brews&Bites, Main Street, Vancouver

Formulated the design brief working with the site owner (BOSA Development), managed all coordination with professionals and trades, design documentation, city permits, design consultation for this managed-tenant improvement project.

Marine Drive, West Vancouver

Full design project package for interior and exterior remodel private residence.

Strathcona Terrace, Kamloops

Project Manager for whole-house renovation, produced full drawing set.

110th Ave SE, Bellevue, WA

Design through to permits for a new single-family construction, responsible for coordination as Project Lead.

Bedora Place, West Vancouver

Project Lead for interior renovation of house.

Southborough Drive, West Vancouver

Currently project lead on full interior and exterior large house renovation.

Ski Instructor, Silverstar Mountain, Dec 2008 for the season.

Brennan Associates, London, Aug 2005: work experience on post-production for an office/warehouse building.

Modeling / Drafting Skills

Extensive knowledge of 3D modelling using Autodesk 3D max, Maya and Sketchup as well as Autocad for both 2D and 3D drafting.

Graphical / Post Production Skills

Creation of photo-realistic and post-production architectural visualizations, presentation boards, slide shows and other media for clients using V-Ray 2.0 and Photoshop CS5.

Production of a variety of models from concept to final presentation built using laser cutters and 3D printers, as well as traditional wood and card.

Education

Royal Institute of British Architects – Accreditation (Part 1) Jun 2011

University of Liverpool – Bachelor of Arts (Architecture) Jun 2011

University courses included numerous projects, each with real-world sites and briefs ranging across residential, public and commercial projects.

Canadian citizen
